## Achieving a Better Life Experience

The Achieving a Better Life Experience (ABLE) Act authorized states to create tax-free savings and investment accounts for individuals with disabilities.

ABLE United, Florida's qualified ABLE program, was established to encourage and assist people with disabilities to save private funds to support health, independence and quality of life.

888-524-ABLE (2253)

## Advantages

## How it Works

Like a Roth IRA or a 529 college savings plan, an ABLE United account is a tax-free saving and investment account for your future. The individual with a disability owns the account, but an authorized person may establish and help oversee the account.

## Contribute
